Monday 18th November 2019

Dear Parents and Caregivers,

This term in Personal Development, Health & Physical Education, Stage 3 are completing a unit of work focusing on growth and development. We are covering content such as development and changes to the body during puberty, human sexuality and sexual reproduction. We aim to explore these concepts, within the context of Catholic values, in a sensitive manner and safe learning environment.

We would like to invite *you and your child* to an information evening on **Monday 25th November at 6.30pm in the school library**. The night is designed to provide an opportunity for your child to share their understanding and for us to learn and work together, reinforcing the important connection of home, peers and school in the development of each individual. We will view a video together titled 'Things are Changing'.

The students will then have a day of activities at school on Thursday 28th November 2019 to support the journey of learning begun at the evening session.

We look forward to seeing you then.

Bernard Hortense & Blake Morfoot
